### **GMC's Commitment**

GMC is committed to ensuring an excellent ownership experience with your new vehicle.

Your dealer also wants you to be completely satisfied and invites you to return for all your service needs, both during and after the warranty period.

### **Owner Assistance**

The dealer is best equipped to provide all your vehicle's service needs. Should you ever encounter a problem that is not resolved during or after the limited warranty period, talk to a member of dealer management. Under certain circumstances, GM and/or GMC dealers may provide assistance

after the limited warranty period has expired when the problem results from a defect in material or workmanship. These instances will be reviewed on a case-by-case basis. If the issue has not been resolved to your satisfaction, follow the *Customer Satisfaction Procedure* ⇨ 29.

We thank you for choosing GMC.

### **GMC Participation in an Alternative Dispute Resolution Program**

See *Customer Satisfaction Procedure* ⇨ 29 for information on the voluntary, non-binding Alternative Dispute Resolution Program in which GMC participates.

### **Warranty Service**

The selling dealer has invested in the proper tools, training, and parts inventory to ensure that any necessary warranty repairs can be made to your GMC vehicle. GMC requests that the vehicle be returned to the selling dealer for all warranty repairs. If a situation or event occurs where you are significantly inconvenienced, an authorized GMC dealer can make the warranty repairs. However, in the event the dealer is not able to perform the repair due to the special tool and training requirements, contact the *Customer Assistance Offices* ⇨ 34. If you are unable to return to the selling dealer, contact a GMC dealer in the United States.

## 2 Warranty Coverage at a Glance

---

The warranty coverages are summarized below.

### New Vehicle Limited Warranty

#### Bumper-to-Bumper (Includes Tires)

- Coverage is for the first 3 years or 36,000 miles, whichever comes first.

#### Powertrain

- Coverage is provided for 5 years or 60,000 miles, whichever comes first
- 2500 and 3500 Series Heavy Duty (HD) Pickups equipped with a 6.6L Duramax® Turbo-Diesel Engine are covered for 5 years or 100,000 miles whichever comes first.
- Certain commercial fleet and/or government fleet vehicles purchased under a qualifying fleet account number are covered for 5 years or 100,000 miles, whichever comes first.

#### Sheet Metal

- Corrosion coverage is for the first 3 years or 36,000 miles, whichever comes first.
- Rust-through coverage is for the first 6 years or 100,000 miles, whichever comes first.

#### Emission Control System Warranty

For light duty trucks, see “How to Determine the Applicable Emissions Control System Warranty” under *Emission Control Systems Warranty* ⇨ 19 for more information.

#### Federal

- Gasoline Engines
  - Defects and performance for cars and light duty truck emission control systems are covered for the first 2 years or 24,000 miles, whichever comes first. From the first 2 years or 24,000 miles to 3 years or 36,000 miles defects in material or workmanship continue to be covered under the New

Vehicle Limited Warranty Bumper-to-Bumper coverage explained previously. Specified major components are covered for the first 8 years or 80,000 miles, whichever comes first.

- Defects and performance for heavy duty truck emission control systems are covered for the first 5 years or 50,000 miles, whichever comes first.

- 6.6L Duramax Turbo-Diesel Engines are covered for the first 5 years or 50,000 miles, whichever comes first.

#### California

- Gasoline Engines
  - Defects and performance for cars and trucks with light duty or medium duty emission control systems are covered for the first 3 years or 50,000 miles, whichever comes first.

- Specified components for cars or light duty trucks equipped with light duty or medium duty truck emission control systems are covered for the first 7 years or 70,000 miles, whichever comes first.
- 6.6L Duramax Turbo-Diesel Engines
  - Defects and performance for the emission control systems are covered for the first 5 years or 50,000 miles, whichever comes first.
  - Specified components for the emission control system are covered for the first 7 years or 70,000 miles, whichever comes first.

**Important:** Some California emission vehicles may have special coverages longer than those listed here. See “California Emission Control System Warranty” under *Emission Control Systems Warranty*  
⇨ 19.

### Noise Emissions

- Coverage is for applicable vehicles weighing over 10,000 lbs based on the Gross Vehicle Weight Rating (GVWR) only, for the entire life of the vehicle.

## 4 New Vehicle Limited Warranty

---

GMC will provide for repairs to the vehicle during the warranty period in accordance with the following terms, conditions, and limitations.

### What Is Covered

#### Warranty Applies

This warranty is for GMC vehicles registered in the United States and normally operated in the United States and is provided to the original and any subsequent owners of the vehicle during the warranty period.

#### Repairs Covered

The warranty covers repairs to correct any vehicle defect, not slight noise, vibrations, or other normal characteristics of the vehicle due to materials or workmanship occurring during the warranty period. Needed repairs will be performed using new, remanufactured, or refurbished parts.

#### No Charge

Warranty repairs, including towing, parts, and labor, will be made at no charge.

#### Obtaining Repairs

To obtain warranty repairs, take the vehicle to a GMC dealer facility within the warranty period and request the needed repairs. Reasonable time must be allowed for the dealer to perform necessary repairs.

#### Warranty Period

The warranty period for all coverages begins on the date the vehicle is first delivered or put in use and ends at the expiration of the coverage period.

#### Bumper-to-Bumper Coverage

The complete vehicle is covered for 3 years or 36,000 miles, whichever comes first, except for other coverages listed here under "What Is Covered" and those items listed under "What Is Not Covered" later in this section.

#### Powertrain Coverage

- Coverage is provided for 5 years or 60,000 miles, whichever comes first
- 2500 and 3500 Series Heavy Duty (HD) Pickups equipped with a 6.6L Duramax Turbo-Diesel Engine are covered for 5 years or 100,000 miles whichever comes first.
- Certain commercial fleet and/or government fleet vehicles purchased under a qualifying fleet account number are covered for 5 years or 100,000 miles, whichever comes first.

**Engine Coverage includes:** All internally lubricated parts, engine oil cooling hoses and lines. Also included are all actuators and electrical components internal to the engine (e.g., Active Fuel Management Valve Lifter Oil Manifold) cylinder head, block, timing gears, timing chain, timing cover, oil pump/oil pump housing, OHC carriers, valve covers, oil pan,

seals, gaskets, manifolds, flywheel, water pump, harmonic balancer, engine mount, turbocharger, and supercharger. Timing belts, and other associated components required in the timing belt service replacement procedure are covered until the first scheduled maintenance interval.

**Diesel Components Coverage**

**includes:** Cylinder block and heads and all internal parts, intake and exhaust manifolds, timing gears, timing gear chain or belt and cover, flywheel, harmonic balancer, valve covers, oil pan, oil pump, water pump, fuel pump, engine mounts, seals, and gaskets. Parts of the Emissions Reduction System such as the emissions reduction fluid tank, injectors, sensors including NOX and exhaust, and the Exhaust Particulate Filter. Glow Plug Control System: Control/glow plug assembly, glow plugs, cold advance relay, and engine control module. The fuel injection control module, integral oil cooler, transmission adapter plate, common

fuel rails, fuel filter assembly, fuel temperature sensor, and function block.

**Important:** Some of these components may also be covered by the Emissions Warranty. See *Emission Warranty Parts List* ⇨ 23

**Exclusions:** Excluded from the powertrain coverage are sensors, wiring, connectors, engine radiator, coolant hoses, coolant, and heater core. Coverage on the engine cooling system begins at the inlet to the water pump and ends with the thermostat housing and/or outlet that attaches to the return hose. Also excluded is the starter motor, entire pressurized fuel system (in-tank fuel pump, pressure lines, fuel rail(s), regulator, injectors, and return line) as well as the Engine/Powertrain Control Module and/or module programming.

**Transmission/Transaxle Coverage**

**includes:** All internally lubricated parts, case, torque converter, mounts, seals, and gaskets as well as any electrical components internal to the transmission/

transaxle. Also covered are any actuators directly connected to the transmission (slave cylinder, etc.).

**Exclusions:** Excluded from the powertrain coverage are transmission cooling lines, hoses, radiator, sensors, wiring, and electrical connectors. Also excluded are the clutch and pressure plate as well as any Transmission Control Module and/or module programming.

**Transfer Case Coverage includes:**

All internally lubricated parts, case, mounts, seals, and gaskets as well as any electrical components internal to the transfer case. Also covered are any actuators directly connected to the transfer case as well as encoder motor.

**Tire Coverage**

The tires supplied with your vehicle are covered by General Motors against defects in material or workmanship under the bumper-to-bumper warranty coverage. Wear-out is not considered a defect, and it may

## 6 New Vehicle Limited Warranty

occur before the vehicle warranty expires. In this case, the owner is responsible to purchase replacement tires, or seek coverage solely from the tire manufacturer. For vehicles within the bumper-to-bumper warranty coverage, defective tires will be replaced on a prorated adjustment basis according to the following mileage-based schedule:

**2019 GMC Tire Pro-Rate Chart**

<b>Mileage (mi)</b>	<b>Percent Covered by GMC (Tire Cost)</b>	<b>Percent Covered by GMC (Labor — Mount/ Balance)</b>
0-12,000	100%	100%
12,001-15,000	60%	100%
15,001-20,000	50%	100%
20,001-25,000	40%	100%
25,001-30,000	30%	100%
30,001-36,000	20%	100%
36,000 +	0%	0%

This schedule applies to the price of the tires only. GMC will cover 100% of the cost to mount and balance the tires replaced under warranty for the full bumper-to-bumper warranty period.

After your New Vehicle Limited Warranty expires, you may still have prorated warranty coverage on your original equipment tires by the tire manufacturer. Contact your GMC dealer or the tire manufacturer of

the brand of tires on your vehicle for more information. The following is a list of current tire manufacturer's websites and toll-free customer assistance numbers.

**Tire Companies**

Company	Website	Toll-Free Number
Bridgestone Americas Tire Operations, LLC	<a href="http://www.bridgestonetire.com">www.bridgestonetire.com</a>	1-800-356-4644

Maxxis	<a href="http://www.maxxis.com">www.maxxis.com</a>	1-866-509-7067

When a tire is removed from service due to a covered warranty condition under a tire manufacturer's limited warranty program, you may be eligible for a tire replacement or a comparable new tire on a prorated basis.

The tire manufacturer's limited warranty program, which can be obtained by calling or visiting the tire manufacturer's website or any authorized dealer, is in lieu of all other remedies or warranties, expressed or implied, arising by law or otherwise, including fitness for a particular purpose or

merchantability. The tire manufacturers expressly disclaim liability for indirect, special, incidental, or consequential damages, lost profit, loss of business, loss of goodwill, loss of reputation, punitive or any other damage, cost, or loss of any kind.\*

## 8 New Vehicle Limited Warranty

\*Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you.

### Accessory Coverages

Most GMC parts and accessories sold and permanently installed on a GMC vehicle by a GMC Dealer or GMC approved Accessory Distributor/Installer (ADI) prior to delivery will be covered under the applicable portion (Bumper-to-Bumper, Powertrain, etc.) of the New Vehicle Limited Warranty. In the event GM accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the balance of the applicable portion of the New Vehicle Limited Warranty, but in no event less than 12 months/unlimited miles.

GM accessories sold over the counter, or those not requiring installation, will receive the standard GM Dealer Accessories Warranty of 12 months from the date of purchase, parts only.

GM Licensed and Integrated Business Partner (IBP) Accessories are covered under the accessory-specific manufacturer's warranty and are not warranted by GM or its dealers.

### Caution

This warranty excludes:

Any communications device that becomes unusable or unable to function as intended due to unavailability of compatible wireless service or GPS satellite signals.

### Sheet Metal Coverage

Sheet metal panels are covered against corrosion and rust-through as follows:

**Corrosion:** Body sheet metal panels are covered against rust for 3 years or 36,000 miles, whichever comes first.

**Rust-Through:** Any body sheet metal panel that rusts through, an actual hole in the sheet metal, is covered for up to 6 years or 100,000 miles, whichever comes first.

**Important:** Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in sheet metal coverage.

### Towing

Towing is covered to the nearest GMC dealer if your vehicle cannot be driven because of a warranted defect.

**What Is Not Covered**

**Tire and Wheel Damage or Wear**

Normal tire wear or wear-out is not covered. Tire wear is influenced by many variables such as road conditions, driving styles, vehicle weight, and tire construction. Uniform tire wear is a normal condition, and is not considered a defect. Road hazard damage such as punctures, cuts, snags, and breaks resulting from pothole impact, curb impact, or from other objects is not covered. Tire wear due to misalignment beyond the warranty period is not covered. Also, damage from improper inflation, overloading, spinning, as when stuck in mud or snow, tire chains, racing, improper mounting or dismounting, misuse, negligence, alteration, improper repair, accident, collision, fire, vandalism, or misapplication is not covered. Damage to wheels or tire sidewalls caused by automatic car washes or cleaning agents is not covered.

**Damage Due to Bedliners**

Owners of trucks with a bedliner, whether after-market or factory installed, should expect that with normal operation the bedliner will move. This movement may cause finish damage. Therefore, any damage caused by the bedliner is not covered under the terms of the New Vehicle Limited Warranty.

The factory spray-in bedliner (RPO CGN) is not covered for a loss of shine and luster or fading. Refer to the Owner's Manual for more information on spray-in bedliner maintenance.

**Damage Due to Accident, Misuse, or Alteration**

The New Vehicle Limited Warranty does not cover damage caused as the result of any of the following:

- Collision, fire, theft, freezing, vandalism, riot, explosion, or objects striking the vehicle

- Misuse of the vehicle such as driving over curbs, overloading, racing, or other competition. Proper vehicle use is discussed in the owner manual.
- Alteration, modification, or tampering to the vehicle, including, but not limited to the body, chassis, powertrain, driveline, software, or other components after final assembly by GMC.
- Coverages do not apply if the odometer has been disconnected, its reading has been altered, or mileage cannot be determined.
- Installation of non-GM (General Motors) parts
- Water or fluid contamination
- Damage resulting from hail, floods, windstorms, lightning, and other environmental conditions
- Alteration of glass parts by application of tinting films

## 10 New Vehicle Limited Warranty

---

**Important:** This warranty is void on vehicles currently or previously titled as salvaged, scrapped, junked, or otherwise considered a total loss.

### **Damage or Corrosion Due to Environment, Chemical Treatments, or Aftermarket Products**

Damage caused by airborne fallout, rail dust, salt from sea air, salt or other materials used to control road conditions, chemicals, tree sap, stones, hail, earthquake, water or flood, windstorm, lightning, the application of chemicals or sealants subsequent to manufacture, etc., is not covered. See “Chemical Paint Spotting” under *Things to Know About the New Vehicle Limited Warranty* ⇨ 14.

### **Damage Due to Insufficient or Improper Maintenance**

Damage caused by failure to follow the recommended maintenance schedule intervals and/or failure to use or maintain proper fluids, or maintain fluids between recommended maintenance

intervals, fuel, lubricants, or refrigerants recommended in the owner manual is not covered.

### **Damage Due to Contaminated, Improper, or Poor Quality Fuel**

Poor fuel quality or incorrect fuel may cause driveability problems such as hesitation, lack of power, stalling, or failure to start. They may also degrade functionality of critical exhaust emissions components such as spark plugs, oxygen sensors, and the catalytic converter. Damage from poor fuel quality, water contamination, or if the vehicle requires premium fuel, operating the vehicle on gasoline with a Pump Octane less than a 91 (R+M)/2, may not be covered.

Prohibited fuels are: Gasolines containing any methanol, MMT, an organometallic octane enhancing additive, and/or fuels containing more than 15% ethanol in non-Flex Fuel Vehicles (FFV).

Please refer to your owner manual under “Fuel,” for additional recommendations, including the use

of TOP TIER Detergent Gasoline. Additional information can also be found at: [www.toptiergas.com/index.html](http://www.toptiergas.com/index.html).

### **Damage Due to Impact, Use, or the Environment**

Windshield or glass cracks, chips, or scratches due to impact are not covered. Windshield cracks will be covered for the first 12 months, regardless of mileage if caused by defects in material or workmanship.

Lights, lenses, mirrors, paint, grille, moldings and trim are not covered for cracks, chips, scratches, dents, dings, and punctures or tears as a result of impact with other objects or road hazards. In addition, cracks, chips, scratches, or other damage to the face of a radio or instrument cluster from impact or foreign objects are not covered.

### **Third Party Externally Connected Electrical Products**

This warranty does not apply to hardware or software of a third party device that is connected to the vehicle or its components, even if

integrated or delivered with the vehicle. GM is not responsible for the quality or accuracy of any information, or service accessed through or from any third party device or platform. Software distributed by GM inside or outside the vehicle (including, but not limited to system software or applications) is not covered by this Warranty. GM does not warrant that connections to, from or through the vehicle will be uninterrupted or error-free. Also, the user should back-up their data and information frequently. GM is not responsible for any loss or damage to data or information made available in connection with the use of the vehicle. In addition, this Warranty does not apply: (a) to consumable parts that are designed to diminish over time, unless failure has occurred due to a defect in materials or workmanship; (b) to damage caused by use with another product or service; (c) to damage caused by a third party device or service (including upgrades and expansions), or (d) to obsolescence or lack of utility due to

incompatibility with future versions of external hardware or software, including, but not limited to mobile devices.

**Maintenance**

All vehicles require periodic maintenance. Maintenance services, such as those detailed in the owner manual are the owner's expense. Vehicle lubrication, cleaning, or polishing are not covered. Failure of or damage to components requiring replacement or repair due to vehicle use, wear, exposure, or lack of maintenance is not covered.

Items such as:

- Audio System Cleaning
- Brake Pads/Linings
- Clutch Linings
- Coolants and Fluids
- Filters
- Limited Slip Rear Axle Service
- Tire Rotation
- Wheel Alignment/Balance

- Wiper Inserts  
are covered by the New Vehicle Limited Warranty for up to 7,500 miles; any replacement after 7,500 miles is considered maintenance and is not covered as part of the New Vehicle Limited Warranty. Keyless Entry batteries (or other remote transmitter/receiver batteries) and exterior incandescent bulbs are covered for up to 12 months only; any replacement after 12 months is considered maintenance and is not covered as part of the New Vehicle Limited Warranty. The New Vehicle Limited Warranty only covers components when replacement or repair of these components is the result of a defect in material or workmanship.

**Extra Expenses**

Economic loss or extra expense is not covered.

Examples include:

- Inconvenience

## 12 New Vehicle Limited Warranty

- Lodging, meals, or other travel costs
- Loss of vehicle use
- Payment for loss of time or pay
- State or local taxes required on warranty repairs
- Storage

**Other Terms :** This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

GM does not authorize any person to create for it any other obligation or liability in connection with these vehicles. **Any implied warranty of merchantability or fitness for a particular purpose applicable to this vehicle is limited in duration to the duration of this written warranty. Performance of repairs and needed adjustments is the exclusive remedy under this written warranty or any implied warranty. GM shall not be liable for incidental or consequential damages, such as, but not limited to, lost wages or vehicle rental**

**expenses, resulting from breach of this written warranty or any implied warranty.\***

\* Some states do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

### **GMC Sierra eAssist® Coverage**

For vehicles sold in the United States, in addition to the Base Warranty Coverage described in the Warranty and Owner Assistance booklet, General Motors will warrant certain eAssist components for the GMC Sierra eAssist for 8 years or 100,000 miles (160 000 kilometers), whichever comes first, from the original in-service date of the vehicle, against warrantable repairs to the specific eAssist components of the vehicle.

This warranty is for eAssist vehicles registered and normally operated in the United States. In addition to the initial owner of the vehicle, the

coverage described in this eAssist warranty is transferable at no cost to any subsequent person(s) who assumes ownership of the vehicle within the above-described 8 years or 100,000 miles (160 000 kilometers) term. No deductibles are associated with this eAssist warranty.

This eAssist component warranty is in addition to the express conditions and warranties described previously. The coverage and benefits described under “New Vehicle Limited Warranty” are not extended or altered because of this special eAssist Component Warranty.

### **eAssist Components**

The energy storage control module and components including eAssist battery, eAssist battery disconnect, powerpack assembly, the eAssist battery cooling fan, the starter generator unit, starter generator cooling pump, high voltage 3-phase cables assembly, HVDC cables, and the transmission fluid accumulator and solenoid.

**What is Not Covered**

In addition to the "What is Not Covered" section previously, this eAssist warranty does not cover the following items:

**Wear Items**

Wear items, such as brake linings, are not covered in this eAssist warranty.

**Maintenance**

As the vehicle owner, you are responsible for the performance of the scheduled maintenance listed in your owner manual. Maintenance intervals, checks, inspections, and recommended fluids and lubricants as prescribed in the owner manual are necessary to keep your vehicle in good working condition. Any damage caused by the owner/lessee failure to follow scheduled maintenance may not be covered by warranty. Scheduled items include:

- Brake Pads/Linings
- Coolants and Fluids
- Filters

## 14 Things to Know About the New Vehicle Limited Warranty

---

### **Warranty Repairs – Component Exchanges**

In the interest of customer satisfaction, GM may offer exchange service on some vehicle components. This service is intended to reduce the amount of time your vehicle is not available for use due to repairs. Components used in exchange are service replacement parts that may be new, remanufactured, or refurbished.

Remanufactured parts meet GM approved service part requirements and are made from previously used components in a process that involves disassembly, inspection, cleaning, update of software and replacement of parts as appropriate, testing and reassembly.

Refurbished parts meet GM approved service part requirements and are previously used parts that are inspected, cleaned, tested, and repackaged.

All exchange components used meet GM standards and are warranted the same as new

components. Examples of the types of components that might be serviced in this fashion include: engine and transmission assemblies, instrument cluster assemblies, radios, compact disc players, batteries, and powertrain control modules.

### **Warranty Repairs – Recycled Materials**

Environmental Protection Agency (EPA) guidelines and GM support the capture, purification, and reuse of automotive air conditioning refrigerant gases and engine coolant. As a result, any repairs GM may make to your vehicle may involve the installation of purified reclaimed refrigerant and coolant.

### **Tire Service**

Any authorized GMC or tire dealer for your brand of tires can assist you with tire service. If, after contacting one of these dealers, you need further assistance or you have questions, contact the GMC Customer Assistance Center. The

toll-free telephone numbers are listed under *Customer Assistance Offices* ⇨ 34.

### **Aftermarket Engine Performance Enhancement Products and Modifications**

Some aftermarket engine performance products and modifications promise a way to increase the horsepower and torque levels of your vehicle's powertrain. You should be aware that these products may have detrimental effects on the performance and life of the engine, exhaust emission system, transmission, and drivetrain. The Duramax Diesel Engine, Allison Automatic Transmission<sup>®</sup>, and drivetrain have been designed and built to offer industry leading durability and performance in the most demanding applications. Engine power enhancement products may enable the engine to operate at horsepower and torque levels that could damage, create failure, or reduce the life of the engine, engine emission system, transmission, and

drivetrain. Damage, failure, or reduced life of the engine, transmission, emission system, drivetrain or other vehicle components caused by aftermarket engine performance enhancement products or modifications may not be covered under your vehicle warranty.

### **After-Manufacture “Rustproofing”**

Your vehicle was designed and built to resist corrosion. Application of additional rust-inhibiting materials is neither necessary nor required under the Sheet Metal Coverage. GM makes no recommendations concerning the usefulness or value of such products.

Application of after-manufacture rustproofing products may create an environment which reduces the corrosion resistance built into your vehicle. Repairs to correct damage caused by such applications are not covered under your New Vehicle Limited Warranty.

### **Paint, Trim, and Appearance Items**

Defects in paint, trim, upholstery, or other appearance items are normally corrected during new vehicle preparation. If you find any paint or appearance concerns, advise your dealer as soon as possible. Your owner manual has instructions regarding the care of these items.

### **Vehicle Operation and Care**

Considering the investment you have made in your GMC, we know you will want to operate and maintain it properly. We urge you to follow the maintenance instructions in your owner manual.

If you have questions on how to keep your vehicle in good working condition, see your GMC dealer, the place many customers choose to have their maintenance work done. You can rely on your GMC dealer to use the proper parts and repair practices.

### **Maintenance and Warranty Service Records**

Retain receipts covering performance of regular maintenance. Receipts can be very important if a question arises as to whether a malfunction is caused by lack of maintenance or a defect in material or workmanship.

A “Maintenance Record” is provided in the maintenance schedule section of the owner manual for recording services performed.

The servicing dealer can provide a copy of any warranty repairs for your records.

### **Chemical Paint Spotting**

Some weather and atmospheric conditions can create a chemical fallout. Airborne pollutants can fall upon and adhere to painted surfaces on your vehicle. This damage can take two forms: blotchy, ring-shaped discolorations, and/or small irregular dark spots etched into the paint surface.

## 16 Things to Know About the New Vehicle Limited Warranty

---

Although no defect in the factory applied paint causes this, GMC will repair, at no charge to the owner, the painted surfaces of new vehicles damaged by this fallout condition within 12 months or 12,000 miles of purchase, whichever comes first.

### Warranty Coverage – Extensions

**Time Extensions :** The New Vehicle Limited Warranty will be extended one day for each day beyond the first 24 hour period in which your vehicle is at an authorized dealer facility for warranty service. You may be asked to show the repair orders to verify the period of time the warranty is to be extended. Your extension rights may vary depending on state law.

**Mileage Extensions :** Prior to delivery, some mileage is put on your vehicle during testing at the assembly plant, during shipping, and while at the dealer facility. The dealer records this mileage on the first page of this warranty booklet at delivery. For eligible vehicles, this mileage will be added to the mileage limits of the warranty ensuring that you receive full benefit of the coverage. Mileage extension eligibility:

- Applies only to new vehicles held exclusively in new vehicle inventory.
- Does not apply to used vehicles, GM-owned vehicles, dealer owned used vehicles, or dealer demonstrator vehicles.
- Does not apply to vehicles with more than 1,000 miles on the odometer even though the vehicle may not have been registered for license plates.

### Warranty Service — Foreign Countries

#### Touring Owner Service

If you are touring in a foreign country and repairs are needed, take your vehicle to the nearest GM dealer which sells and services GMC vehicles. However, if a GMC dealer cannot be located, significantly inconvenienced customers can take their vehicle to any GM dealer for repairs

**Important:** Repairs made necessary by the use of improper or dirty fuels and lubricants are not covered under the warranty. See your owner manual for additional information on fuel requirements when operating in foreign countries.

#### Permanent Relocation

This warranty applies to GMC vehicles registered in the United States and normally operated in the United States. If you have permanently relocated and established household residency in another country, GM may authorize

the performance of repairs under the warranty authorized for vehicles generally sold by GM in that country. Contact an authorized GM dealer in your country for assistance.

**Important:** GM warranty coverages may be void on GM vehicles that have been imported/exported for resale.

### Original Equipment Alterations

This warranty does not cover any damage or failure resulting from modification or alteration to the vehicle's original equipment as manufactured or assembled by General Motors. Examples of the types of alterations that would not be covered include cutting, welding, or disconnecting of the vehicle's original equipment parts and components.

**Additionally, General Motors does not warranty non-GM parts, calibrations, and/or software modifications.** The use of parts, control module calibrations, software modifications, and/or any

other alterations not issued through General Motors will void the warranty coverage for those components that are damaged or otherwise affected by the installation of the non-GM part, control module calibration, software modification, and/or other alteration.

The only exception is that non-GM parts labeled "Certified to EPA Standards" are covered by the Federal Emissions Performance Warranty.

### Recreation Vehicle and Special Body or Equipment Alterations

Installations or alterations to the original equipment vehicle or chassis, as manufactured and assembled by GM, are not covered by this warranty. The special body company, assembler, or equipment installer is solely responsible for warranties on the body or equipment and any alterations to any of the parts, components, systems, or assemblies installed by GM. Examples include, but are not limited to, special body installations,

such as recreational vehicles, the installation of any non-GM part, cutting, welding, or the disconnecting of original equipment vehicle or chassis parts and components, extension of the wheelbase, suspension and driveline modifications, and axle additions.

### Pre-Delivery Service

Defects in the mechanical, electrical, sheet metal, paint, trim, and other components of your vehicle may occur at the factory or while it is being transported to the dealer facility. Normally, any defects occurring during assembly are identified and corrected at the factory during the inspection process. In addition, dealers inspect each vehicle before delivery. They repair any uncorrected factory defects and any transit damage detected before the vehicle is delivered to you.

Any defects still present at the time the vehicle is delivered to you are covered by the warranty. If you find

## 18 Things to Know About the New Vehicle Limited Warranty

---

any defects, advise your dealer without delay. For further details concerning any repairs which the dealer may have made prior to you taking delivery of your vehicle, ask your dealer.

### **Production Changes**

GM and GMC dealers reserve the right to make changes in vehicles built and/or sold by them at any time without incurring any obligation to make the same or similar changes on vehicles previously built and/or sold by them.

### **Noise Emissions Warranty for Light Duty Trucks Over 10,000 Lbs Gross Vehicle Weight Rating (GVWR) Only**

GM warrants to the first person who purchases this vehicle for purposes other than resale and to each subsequent purchaser of this vehicle, as manufactured by GM, that this vehicle was designed, built, and equipped to conform at the time

it left GM's control with all applicable United States EPA Noise Control Regulations.

This warranty covers this vehicle as designed, built, and equipped by GM, and is not limited to any particular part, component, or system of the vehicle manufactured by GM. Defects in design or assembly, or in any part, component, or vehicle system as manufactured by GM, which, at the time it left GM's control, caused noise emissions to exceed Federal Standards, are covered by this warranty for the life of the vehicle.

The emission warranty on your vehicle is issued in accordance with the U.S. Federal Clean Air Act. Defects in material or workmanship in GMC emission parts may also be covered under the New Vehicle Limited Warranty Bumper-to-Bumper coverage. There may be additional coverage on GMC diesel engine vehicles. In any case, the warranty with the broadest coverage applies.

**What Is Covered**

The parts covered under the emission warranty are listed under *Emission Warranty Parts List* ⇨ 23.

**How to Determine the Applicable Emissions Control System Warranty**

State and Federal agencies may require a different emission control system warranty depending on:

- Whether the vehicle conforms to regulations applicable to light duty or heavy duty emission control systems.

- Whether the vehicle conforms to or is certified for California regulations in addition to U.S. EPA Federal regulations.

All vehicles are eligible for Federal Emissions Control System Warranty Coverage. If the emissions control label contains language stating the vehicle conforms to California regulations, the vehicle is also eligible for California Emissions Control System Warranty Coverage.

**Federal Emission Control System Warranty**

**Federal Warranty Coverage**

- Car or Light Duty Truck with a Gross Vehicle Weight Rating (GVWR) of 8,500 lbs. or less
  - 2 years or 24,000 miles and 8 years or 80,000 miles for the catalytic converter, vehicle/powertrain control module, transmission control module or other onboard emissions

diagnostic device, including emission-related software, whichever comes first.

- Light Duty Truck equipped with Heavy Duty Gasoline Engine and with a Gross Vehicle Weight Rating (GVWR) greater than 8,500 lbs.
  - 5 years or 50,000 miles, whichever comes first.
- Light Duty Truck equipped with Heavy Duty Diesel Engine and with a Gross Vehicle Weight Rating (GVWR) greater than 8,500 lbs.
  - 5 years or 50,000 miles, whichever comes first.

**Federal Emission Defect Warranty**

GMC warrants to the owner the following:

- The vehicle was designed, equipped, and built so as to conform at the time of sale with applicable regulations of the Federal Environmental Protection Agency (EPA).

## 20 Emission Control Systems Warranty

- The vehicle is free from defects in materials and workmanship which cause the vehicle to fail to conform with those regulations during the emission warranty period.

Emission-related defects in the genuine GMC parts listed under the Emission Warranty Parts List, including related diagnostic costs, parts, and labor are covered by this warranty.

### Federal Emission Performance Warranty

Some states and/or local jurisdictions have established periodic vehicle Inspection and Maintenance (I/M) programs to encourage proper maintenance of your vehicle. If an EPA-approved I/M program is enforced in your area, you may also be eligible for Emission Performance Warranty coverage when all three of the following conditions are met:

- The vehicle has been maintained and operated in accordance with the instructions

for proper maintenance and use set forth in the owner manual supplied with your vehicle.

- The vehicle fails an EPA-approved I/M test during the emission warranty period.
- The failure results, or will result, in the owner of the vehicle having to bear a penalty or other sanctions, including the denial of the right to use the vehicle, under local, state, or federal law.

GMC warrants that your dealer will replace, repair, or adjust to GMC specifications, at no charge to you, any of the parts listed in *Emission Warranty Parts List* ⇨ 23 which may be necessary to conform to the applicable emission standards. Non-GMC parts labeled “Certified to EPA Standards” are covered by the Federal Emission Performance Warranty.

### California Emission Control System Warranty

This section outlines the emission warranty that GMC provides for your vehicle in accordance with the

California Air Resources Board. Defects in material or workmanship in GMC emission parts may also be covered under the New Vehicle Limited Warranty Bumper-to-Bumper coverage. There may be additional coverage on GM diesel engine vehicles. In any case, the warranty with the broadest coverage applies.

This warranty applies if your vehicle meets both of the following requirements:

- Your vehicle is registered in California **or other states adopting California emission and warranty regulations.\***
- Your vehicle is certified for sale in California as indicated on the vehicle's emission control information label.

**\* Important:** Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, and Washington have California Emissions Warranty coverage.

California Transitional Zero Emission Vehicles (TZEV) have extended coverage on all emission-related parts.

**Note**

Referred to as PZEV warranty in past model years.

**Important:** California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Rhode Island, and Vermont have TZEV Emission Warranty Coverage.

**Your Rights and Obligations (For Vehicles Subject to California Exhaust Emission Standards)**

The California Air Resources Board and General Motors Corporation are pleased to explain the emission control system warranty on your vehicle. In California, new motor vehicles must be designed, built, and equipped to meet the state's stringent anti-smog standards. GMC must warrant the emission control system on your vehicle for the periods of time and mileage listed provided there has been no abuse, neglect, or improper maintenance of

your vehicle. Your vehicle's emission control system may include parts such as the fuel injection system, ignition system, catalytic converter, and engine computer. Also included are hoses, belts, connectors, and other emission-related assemblies.

Where a warrantable condition exists, GM will repair your vehicle at no cost to you including diagnosis, parts, and labor.

**California Emission Defect and Emission Performance Warranty Coverage**

For cars and trucks with light duty or medium duty emissions:

- For 3 years or 50,000 miles (5 years or 50,000 miles for Duramax Diesel), whichever comes first:
  - If your vehicle fails a smog check inspection, GMC will make all necessary repairs and adjustments to ensure that your vehicle passes the

inspection. This is your Emission Control System Performance Warranty.

- If any emission-related part on your vehicle is defective, GMC will repair or replace it. This is your Short-term Emission Control System Defects Warranty.
- For 7 years or 70,000 miles, whichever comes first:
  - If an emission-related part listed in this booklet specially noted with coverage for 7 years or 70,000 miles is defective, GMC will repair or replace it. This is your Long-term Emission Control System Defects Warranty.
- For 8 years or 80,000 miles, whichever comes first for vehicles with a Gross Vehicle Weight Rating (GVWR) of 8,500 lbs. or less:
  - If the catalytic converter, vehicle powertrain control module, transmission control module, or other onboard

## 22 Emission Control Systems Warranty

---

emissions diagnostic device, including emissions-related software, is found to be defective, GM will repair or replace it under the Federal Emission Control System Warranty.

- For 15 years or 150,000 miles, whichever comes first for a Transitional Zero Emission Vehicle (TZEV):

- If any emission-related part\* listed in this booklet is defective, GMC will repair or replace it. This is your TZEV Emission Control System Defects Warranty.

\* TZEV Hybrid Batteries and Hybrid A/C compressors are covered for 10 years or 150,000 miles, whichever comes first for vehicles with a Gross Vehicle Weight Rating (GVWR) of 8,500 lbs. or less.

Any authorized GMC dealer will, as necessary under these warranties, replace, repair, or adjust to GMC specifications any genuine GMC parts that affect emissions.

The applicable warranty period shall begin on the date the vehicle is delivered to the first retail purchaser or, if the vehicle is first placed in service as a demonstrator or company vehicle prior to sale at retail, on the date the vehicle is placed in such service.

### **Owner's Warranty Responsibilities**

As the vehicle owner, you are responsible for the performance of the scheduled maintenance listed in your owner manual. GMC recommends that you retain all maintenance receipts for your vehicle, but GMC cannot deny warranty coverage solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

You are responsible for presenting your vehicle to a GMC dealer selling your vehicle line as soon as a problem exists. The warranted repairs should be completed in a reasonable amount of time, not to exceed 30 days.

As the vehicle owner, you should also be aware that GMC may deny warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper or insufficient maintenance, modifications not approved by GMC, or if the defect is not emissions-related.

If you have any questions regarding your rights and responsibilities under these warranties, you should contact the Customer Assistance Center at 1-800-462-8782 or, in California, write to:

State of California Air Resources Board  
Mobile Source Operations Division  
P.O. Box 8001  
El Monte, CA 91731-2990

Emission-related defects in the emission parts listed here are covered under the Emission Control System Warranty. The terms are explained in the *Emission Control Systems Warranty* ⇨ 19 under “Federal Emission Control System Warranty” and the “California Emission Control System Warranty.”

**Important:** Certain parts may be covered beyond these warranties if shown with asterisk(s) as follows:

- (\*) 7 years/70,000 miles, whichever comes first, California Emission Control System Warranty coverage.
- (\*\*) 8 years/80,000 miles, whichever comes first, Federal Emission Control System Warranty coverage for light duty vehicles. (Also applies to California certified light duty vehicles.)

All listed parts 15 years/150,000 miles, whichever comes first, on California TZEV (NU6) vehicles registered in a TZEV state except Hybrid batteries and Hybrid

A/C compressors, which are covered for 10 years/150,000 miles, whichever comes first.

Tires (Heavy Duty Applications only 2 yr/24,000 mile Federal Emission Defect Warranty)  
Parts specified in your maintenance schedule that require scheduled replacement are covered up to their first replacement interval or the applicable emission warranty coverage period, whichever comes first. If failure of one of these parts

results in failure of another part, both will be covered under the Emission Control System Warranty.

For detailed information concerning specific parts covered by these emission control system warranties, ask your dealer.

### Replacement Parts

The emission control systems of your vehicle were designed, built, and tested using genuine GM parts\* and the vehicle is certified as being in conformity with applicable federal and California emission requirements. **Accordingly, it is recommended that any replacement parts used for maintenance or for the repair of emission control systems be new, genuine GM parts.**

The warranty obligations are not dependent upon the use of any particular brand of replacement parts. The owner may elect to use non-genuine GM parts for replacement purposes. Use of replacement parts which are not of

equivalent quality may impair the effectiveness of emission control systems.

If other than new, genuine GM parts are used for maintenance replacements or for the repair of parts affecting emission control, the owner should assure himself/herself that such parts are warranted by their manufacturer to be equivalent to genuine GM parts in performance and durability.

\* "Genuine GM parts," when used in connection with GM vehicles, means parts manufactured by or for GM, designed for use on GM vehicles, and distributed by any division or subsidiary of GM.

### **Maintenance and Repairs**

Maintenance and repairs can be performed by any qualified service outlet; however, warranty repairs must be performed by an authorized dealer except in a situation where the vehicle owner is significantly inconvenienced and a warranted

part or a warranty station is not reasonably available to the vehicle owner.

In a situation where the vehicle owner is significantly inconvenienced, and an authorized dealer is not reasonably available, repairs may be performed at any available service establishment or by the owner, using any replacement part. GMC will consider reimbursement for the expense incurred, including diagnosis, not to exceed the manufacturer's suggested retail price for all warranted parts replaced and labor charges based on GMC's recommended time allowance for the warranty repair and the geographically appropriate labor rate. A part not being available within 10 days or a repair not being completed within 30 days constitutes a significant inconvenience. Retain receipts and failed parts in order to receive compensation for warranty repairs reimbursable due to an emergency.

If you are in a situation where you are significantly inconvenienced and it is necessary to have repairs performed by other than a GMC dealer and you believe the repairs are covered by emission warranties, take the replaced parts and your receipt to a GMC dealer for reimbursement consideration. This applies to both the Federal Emission Defect Warranty and Federal Emission Performance Warranty.

Receipts and records covering the performance of regular maintenance or repairs (such as those outlined earlier) should be retained in the event questions arise concerning maintenance. These receipts and records should be transferred to each subsequent owner. GM will not deny warranty coverage solely on the absence of maintenance records. However, GM may deny a warranty claim if a failure to perform scheduled maintenance resulted in the failure of a warranty part.

### Claims Procedure

As with the other warranties covered in this booklet, take your vehicle to any authorized GMC dealer facility to obtain service under the emission warranty. This should be done as soon as possible after failing an EPA-approved I/M test or a California smog check test, or at any time you suspect a defect in a part.

Those repairs qualifying under the warranty will be performed by any GMC dealer at no charge. Repairs which do not qualify will be charged to you. You will be notified as to whether or not the repair qualifies under the warranty within a reasonable time, not to exceed 30 days after receipt of the vehicle by the dealer, or within the time period required by local or state law.

The only exceptions would be if you request or agree to an extension, or if a delay results from events beyond the control of your dealer or GM. If you are not so notified, GM will provide any required repairs at no charge.

In the event a warranty matter is not handled to your satisfaction, refer to the *Customer Satisfaction Procedure* ⇨ 29.

For further information or to report violations of the Emission Control System Warranty, you may contact the EPA at:

U.S. Environmental Protection Agency  
Office of Transportation and Air Quality  
Compliance Division, Light-Duty Vehicle Group  
Attn: Warranty Complaints  
2000 Traverwood Drive  
Ann Arbor, MI 48105

Email: [complianceinfo@epa.gov](mailto:complianceinfo@epa.gov)

For a vehicle subject to the California Exhaust Emission Standards, you may contact the:

State of California Air Resources Board  
Mobile Source Operations Division  
P.O. Box 8001  
El Monte, CA 91731-2990

Your satisfaction and goodwill are important to your dealer and to GMC. Normally, any concerns with the sales transaction or the operation of your vehicle will be resolved by your dealer's sales or service departments. Sometimes, however, despite the best intentions of all concerned, misunderstandings can occur. If your concern has not been resolved to your satisfaction, the following steps should be taken:

**STEP ONE : Discuss your concern with a member of dealer management.** Normally, concerns can be quickly resolved at that level. If the matter has already been reviewed with the sales, service, or parts manager, **contact the owner of the dealer facility** or the general manager.

**STEP TWO :** If after contacting a member of dealer management, it appears your concern cannot be resolved by the dealer without further help **contact the GMC Customer Assistance Center** by calling 1-800-GMC-8782 (462-8782). In Canada, contact GM of

Canada Customer Care Centre by calling 1-800-263-3777: English, or 1-800-263-7854: French.

**We encourage you to call the toll-free number in order to give your inquiry prompt attention.**

Have the following information available to give the Customer Assistance Representative:

- The Vehicle Identification Number (VIN). This is available from the vehicle registration or title, or the plate above the top of the instrument panel on the driver side, and visible through the windshield.
- The dealer name and location.
- The vehicle delivery date and present mileage.

When contacting GMC, remember that your concern will likely be resolved at a dealer's facility. That is why we suggest you follow Step One first if you have a concern.

**STEP THREE :** Both GM and your GMC dealer are committed to making sure you are completely satisfied with your new vehicle. However, if you continue to remain unsatisfied after following the procedure outlined in Steps One and Two, you can file with the Better Business Bureau (BBB) Auto Line Program to enforce any additional rights you may have.

The BBB Auto Line Program is an out of court program administered by the Council of Better Business Bureaus to settle automotive disputes regarding vehicle repairs or the interpretation of the New Vehicle Limited Warranty. Although you may be required to resort to this informal dispute resolution program prior to filing a court action, use of the program is free of charge and your case will generally be heard within 40 days. If you do not agree with the decision given in your case, you may reject it and proceed with any other venue for relief available to you.

## 30 Customer Satisfaction Procedure

---

Contact the BBB Auto Line Program using the toll-free telephone number or write them at the following address:

BBB Auto Line Program  
Council of Better Business Bureaus,  
Inc.  
3033 Wilson Boulevard  
Suite 600  
Arlington, VA 22201

Telephone: 1-800-955-5100  
[http://www.bbb.org/council/  
programs-services/  
dispute-handling-and-resolution/  
bbb-auto-line](http://www.bbb.org/council/programs-services/dispute-handling-and-resolution/bbb-auto-line)

This program is available in all 50 states and the District of Columbia. Eligibility is limited by vehicle age, mileage, and other factors. GM reserves the right to change eligibility limitations and/or to discontinue its participation in this program.

Laws in many states permit owners to obtain a replacement vehicle or a refund of the purchase price under certain circumstances. The provisions of these laws vary from state to state. To the extent allowed by state law, GMC requires that you first provide us with written notification of any service difficulty you have experienced so that we have an opportunity to make any needed repairs before you are eligible for the remedies provided by these laws. The address for written notification, is in *Customer Assistance Offices* ⇨ 34.

## 32 Warranty Information for California Only

---

California Civil Code Section 1793.2(d) requires that, if GMC or its representatives are unable to repair a new motor vehicle to conform to the vehicle's applicable express warranties after a reasonable number of attempts, GMC shall either replace the new motor vehicle or reimburse the buyer the amount paid or payable by the buyer. California Civil Code Section 1793.22(b) creates a presumption that GMC has had a reasonable number of attempts to conform the vehicle to its applicable express warranties if, within 18 months from delivery to the buyer or 18,000 miles on the vehicle's odometer, whichever occurs first, one or more of the following occurs:

- The same nonconformity results in a condition that is likely to cause death or serious bodily injury if the vehicle is driven AND the nonconformity has been subject to repair two or more times by GMC or its agents AND the buyer or lessee

has directly notified GMC of the need for the repair of the nonconformity.

- The same nonconformity has been subject to repair four or more times by GMC or its agents AND the buyer has notified GMC of the need for the repair of the nonconformity.
- The vehicle is out of service by reason of repair nonconformities by GMC or its agents for a cumulative total of more than 30 calendar days after delivery of the vehicle to the buyer.

NOTICE TO GENERAL MOTORS CORPORATION AS REQUIRED ABOVE SHALL BE SENT TO THE FOLLOWING ADDRESS:

General Motors LLC  
P.O. Box 33170  
Detroit, MI 48232-5170

When you make an inquiry, you will need to give the year, model, and mileage of your vehicle and your VIN.

GMC is proud of the protection afforded by its warranty coverages. In order to achieve maximum customer satisfaction, there may be times when GMC will establish a special coverage adjustment program to pay all or part of the cost of certain repairs not covered by the warranty or to reimburse certain repair expenses you may have incurred. Check with your GMC dealer or call the GMC Customer Assistance Center to determine whether any special coverage adjustment program is applicable to your vehicle.

When you make an inquiry, you will need to give the year, model, and mileage of your vehicle and your VIN.

## 36 Roadside Assistance Program

---

GMC is proud to offer the response, security, and convenience of GMC's 24-hour Roadside Assistance Program. Coverage is for the first 5 years or 60,000 miles whichever comes first. Coverage for 2500 and 3500 series Heavy Duty (HD) Pickups equipped with a 6.6L Duramax, certain commercial fleet and/or government fleet vehicles is 5 years or 100,000 miles, whichever comes first. Refer to your GMC dealer for details. Consult your dealer or refer to the owner manual for details. The GMC Roadside Assistance Center can be reached by calling 888-881-3302.

Roadside Assistance is not part of or included in the coverage provided by the New Vehicle Limited Warranty. General Motors Corporation and General Motors of Canada Company reserve the right to make any changes or discontinue the Roadside Assistance program at any time without notification.

If your vehicle requires warranty repairs during the duration of your vehicle's Limited Powertrain Warranty, alternate transportation and/or reimbursement of certain transportation expenses may be available under the Courtesy Transportation Program. Several transportation options are available. Consult your dealer or refer to the owner manual for details.

Courtesy Transportation is not part of or included in the coverage provided by the New Vehicle Limited Warranty. General Motors Corporation and General Motors of Canada Company reserve the right to make any changes or discontinue the Courtesy Transportation program at any time without notification.

### **Protection Engineered to Match Your GMC**

Your GMC was built to exacting standards, and you can keep it that way with GMC Protection products. They provide peace of mind for your Professional Grade vehicle in the form of coverage and benefits in addition to your new-vehicle warranty. From GMC Protection Plans to GMC Pre-Paid Maintenance Plans, it's the only coverage with the same name as your GMC.

See your dealer for details on how you can protect your new GMC and have the peace of mind that comes with knowing you'll have coverage with the same name as the brand you trust.

Check with your Dealer for availability. Information provided is for illustration/summary purposes only; see Terms and Conditions/ GAP Addendum/Pre-Paid Maintenance Agreement for complete details. Vehicle service contract coverage is provided and administered by AMT Warranty

Corp., P.O. Box 927, Bedford, TX 76095, (877) 265-1072 (except in Florida, the obligor/provider and administrator is Wesco Insurance Company, 59 Maiden Lane, 43rd Floor, New York, NY 10038, (866) 327-5818, LICENSE #01913). GAP Coverage is provided by the dealer/ creditor and administered by AMT Warranty Corp., (877) 265-1166 AMT Warranty Corp. and Wesco Insurance Company are GM-approved providers but are not related entities of GM or its dealerships.
